Wednesday 21 November 2018

Dear Parents and Carers,

In order to enhance our learning provision, we use a number of educational apps and online platforms within lessons, for independent learning and for homework tasks. Our pupils enjoy using these apps on iPads and laptops in school and they have expressed an interest in using them as part of their set homework.

Whenever we start to use a new program, app or platform, we request or download the company privacy policy in order to check that it is GDPR compliant. In order to generate individual login details for pupils we need to be able to enter details such as children's names and dates of birth or ages.

To enable your child(ren) to continue using educational apps and online platforms within lessons, for independent learning and for homework tasks, we would appreciate you completing the details at the bottom of this letter and returning it to school by **Friday 23rd November**.

Kind Regards,

GDay

Miss Georgina Day
Headteacher
